

December 17, 2006

Dear PA Official or Potential Official,

Attached are updated clinic schedules and registration forms.

Some things have changed since my original e-announcement and the November *Turns and Distances*. Remember our first clinics will be at San Francisco's Marina Middle School on January 6. These will cover Long Distance Running and Cross-Country.

New and Potential officials: Note that there are level one TRACK AND FIELD clinics at American River College (Sacramento) on January 13; Serra High School (San Mateo) on January 28; Hartnell College (Salinas) on February 10; and Enterprise High School (Redding) on February 24.

To highlight the changes in the attached documents:

- the date of the ARC clinic on the registration form is Jan 13.
- the Hy Tek clinic has moved from Davis on Jan. 20 to ARC on Jan. 13 .
- the clinic at Hartnell is Introduction to T&F Officiating rather than LDR (as shown on the form)

Please get your forms in. Remember forms received after Wednesday of the week of the meet will incur a late fee of \$5 for each clinic attended. So get your forms and money in earlier. It will make registrations and clinic sign-in much easier for everyone.

Rules Books:

I now have NCAA, and High School rule books for sale as well as the High School Case book and Officials manual. I will have them at the clinics beginning on Jan. 13<sup>th</sup>: the books are available now on a first come first serve basis unless prepay to reserve a copy (including the 2007 USATF rulebook which should be out in Mid February). The IAAF Rulebook (English version) is out of print so I was not able to order any, although you can order it from USATF at [www.usatf.org](http://www.usatf.org) for a slightly higher price.

Attachments: Updated Schedule as of 12/17/06 & Updated Registration Form as of 12/14/06
