**USATF Youth Cross Country Junior Olympic Nationals**  
**Saturday, December 9, 2006 in Spokane Valley, WA**

Over 2,300 athletes competed on Saturday, December 9, 2006 in Spokane Valley, WA in the USATF Youth Cross Country Junior Olympic Nationals. The Pacific Association was well represented in every age group bracket. The best racing conditions occurred during the Bantam Girls race with the sun peaking out from behind the clouds and temperatures in the mid-30s. As the Youth Girls were led to the starting line for their final stride outs the first snow started to fall. Snow quickly turned to rain and then sleet. A slippery, muddy course soon evolved and in the Youth Boys race there was a 30-boy pile up and several lost their shoes. Youth Boy Jeroen Keukenkamp (Buffalo Chips) was expected to be an All American but his shoe was spiked off in the first 200m and he kept running without it and still finished the race. By the Young Men's race the temperatures had dropped to 32 degrees within continuing intermittent rain. Through it all the youth athletes excelled and many placed in the Top 25 earning All American status.
