

Dear USATF Supporter,

The Pacific Association USATF Foundation Is looking for additional directors. Would you be interested in becoming one? Information about the Foundation is provided for you below.

The Foundation was incorporated as a 501.3(c) non-profit corporation in 2011. It did so to support the Pacific Association USATF for the purpose of assisting with fund raising and the execution of the Association's grant programs. The funds generated by the PAUSATF and the Foundation are used to support Elite Athletes, and to promote and provide training for both Coaches and Officials. The Foundation also will assist with worthwhile projects which are related to the goals of the PAUSATF, as they become known to the Foundation. The Foundation is in the process of transitioning the earlier processes used by the PAUSATF to provide grants for the Elite Athlete and Coaches Training Grant programs. Currently our five Directors have organized and moved the Foundation forward operationally. However, the Foundation is in need of sharing the increasing workload through the addition of two new directors.

The term of the director is two years but reelection is unlimited. The Foundation holds four teleconferences throughout the year at 6:30 pm on the third Monday of March, May, September and December. Meetings usually last for about two hours. In addition to the Foundation's meetings, there would be time spent between meetings writing and/or reviewing grant proposals, drafting a budget, receiving and dispensing funds, sending out fund raising communications, communicating with other Directors by phone and email, and reviewing periodically the Foundation's Operating Procedures. Your commitment would amount to approximately 40-50 hours per year.

The Foundation's webpage is available at [www.pausatf.org/data/indexfoundation.html](http://www.pausatf.org/data/indexfoundation.html). Please take a moment and read further about the Foundation.
